Prof. Debashish Bhowmick is an Eminent speaker. He delivered a very good speech on the topic named 'Bhashabhabak Rabindranath'.

Rabindranath's study of language was not limited to the pages of textbooks - it also emphasized the spoken language of the mass people. He had to go to many places for the work of zamindari - he always gave importance to the vocabulary of the village people. Prof. Bhowmik has analyzed Rabindranath's linguistic thinking in a wellthought-out speech.
